Oh, there's monogamy polygamy and bigamy,
Security and purity and chastity,
The strangest thing about these words is that I see
They were all made up by some old man and not by me! So sing

Monogamy schbedogamy, do you mind if I bring a friend with me?
Two is nice, but it's healthier with three
Monogamy schbedogamy!

Well, if you think this anti-idea is a little unreal
I won't make excuses, it's just that I feel
Some alternative is needed to love and broken heart
If the price of love is pain, then I think I'll stick to art! And sing

Monogamy schbedogamy, do you mind if I bring a friend with me?
Two is nice, but it's healthier with three
Monogamy schbedogamy!
